1355 / 1356

1/2 HP CHAIN DRIVE GARAGE DOOR OPENER

Basic Reliability

Performance

- **P3™ Motors** from LiftMaster® are reliable, durable and powerful – designed specifically for your needs.
- **1/2 HP motor** with industrial-strength chain drive provides steady performance and lifting power.
- **75-watt lighting** with adjustable light time delay for more energy-efficient use.
- **4-year motor** warranty and 1-year parts warranty.

Safety and Security

- **Security+®** safeguards your household – with every click a new code is sent to the garage door opener so that the door opens only for you.
- **PosiLock®** locks down your door by electronically monitoring against a forced opening.
- **The Protector System®** has safety sensors that project a light beam across the garage door opening, automatically reversing the door if anything interrupts the beam.

Included Accessories:

1-Button Remote Control (371LM)

Allows you to control a single garage door opener, gate operator or your garage door opener lights and with Security+ rolling code technology, you are assured of a new code with every use.

Lighted Door Control Button (75LM)

Enables you to operate your door from inside the garage.

Optional Accessories:

Wireless Keyless Entry (877MAX)

Open your garage door without using a remote control and close it with just the push of a button. You can also program a temporary entry code for friends and service people.

Mini 3-Button Remote Control (890MAX)

Allows you to operate up to three garage door openers, gate operators or MyQ® Accessories. Fits on keychain, in a pocket or purse.

MyQ Control Panel (888LM)

Allows any LiftMaster Garage Door Opener manufactured since 1998 to be controlled by your smartphone, tablet or computer (when paired with the LiftMaster Internet Gateway) – provides the upgrade needed to utilize Security+ 2.0™ and MyQ Technology.

Ceiling Mount (195LM)

Give your garage the style it's been missing by hiding the wires and cords with this sleek ceiling mount. Works in most standard garages.
